3 Measurement and impact

Yorkshire Building Society is a member of B4SI – the global standard in measuring and managing corporate social impact. While this section seeks to understand what measures the charity will collect, we would work collaboratively to establish the impact of the project.

Tell us how you would measure success of the programme, and how this data will be gathered.

If the project is being delivered during office working time (Mon-Fri 09:00-17:00), Yorkshire Building Society may be able to provide you with volunteer support or meeting rooms (in our Head Office). Please indicate here what support would be helpful and the frequency.
